Lambda, Beanstalk and events

AWS Academy is the main lesson. This short deck connects it to our class work.

PRIMARY

AWS Academy

Cloud Foundations · Module 6 remaining topics

IN CLASS

Practice

Lambda and Beanstalk formative activities

COURSE WORK

Local task

Local 03 preview · S3 lab in Week 06

Local 03 due 14 Dec · Use only your assigned Part

One path through the topic

STEP 1

Trigger

An event invokes a Lambda function when the configured condition occurs.

STEP 2

Publish

The function can publish a message to an SNS topic.

STEP 3

Delivery

Email subscription must be confirmed; Publish success alone does not prove receipt.

Will a subscriber confirmed later receive an earlier SNS message?

What to do this week

BEFORE CLASS

Prepare

Open the Lambda and Elastic Beanstalk sections of Module 6.

IN CLASS

Work

Try the formative activities and trace the Lambda-to-SNS path.

AFTER CLASS

Record

Review the Lambda/SNS example. Do the S3 lab and submit Local 03 after Week 06.

AWS work stays in AWS Academy · Local work stays in Classroom
